

Safeguarding and Child Protection **Policy 2024-25**

Ratified by Governors:

Chairperson of Governors: *Mr Martin Daly*

Designated Teacher for Child Protection: *Mr James Grimley*

Principal: *Mr Stephen Mone*

1. Child Protection Ethos

We in Roan St. Patrick's have a responsibility for the Pastoral Care, general welfare and safety of the children in our care and we will carry out this duty by providing a caring, supportive and safe environment, where each child is valued for his or her unique talents and abilities, and in which all our young people can learn and develop to their full potential. All staff, teaching and non-teaching should be alert to the signs of possible abuse and should know the procedures to be followed. This Policy sets out guidance on the action, which is required where abuse or neglect of a child is suspected and outlines referral procedures within our school.

2. Principles

The general principles, which underpin our work, are those set out in the UN Convention on the Rights of the Child and are enshrined in the Children (Northern Ireland) Order 1995, the Department of Education (Northern Ireland) guidance "Safeguarding and Child Protection – a guide for schools" (DENI Circular 2017/04), the CBNI Regional Child Protection Policy and Procedures (2017).

The following principles form the basis of our Child Protection Policy.

- It is a child's right to feel safe at all times, to be heard, listened to and taken seriously.
- We have a pastoral responsibility towards the children in our care and should take all reasonable steps to ensure their welfare is safeguarded and their safety is preserved.
- In any incident the child's welfare must be paramount, this overrides all other considerations.
- A proper balance must be struck between protecting children and respecting the rights and needs of parents and families; but where there is conflict the child's interest must always come first.

3. Other Relevant Policies

The school has a duty to ensure that safeguarding permeates all activities and functions. This policy therefore complements and supports a range of other school policies including:

- Positive Behaviour Policy
- Anti-Bullying

- ICT and access to the Internet/cyber bullying
- Intimate Care

6. What Is Child Abuse?

The following definitions of child abuse are taken from Cooperating to Safeguard Children and Young People in NI (2016).

6.1 Definition of Abuse

Harm can be suffered by a child or young person by acts of abuse perpetrated upon them by others. Abuse can happen in any family, but children may be more at risk if their parents or carers have problems with drugs, alcohol and mental health, or if they live in a home where domestic abuse happens. Abuse can also occur outside of the family environment. Evidence shows that babies and children with disabilities can be more vulnerable to suffering abuse. Although the harm from the abuse might take a long time to be recognisable in the child or young person, professionals may be in a position to observe its indicators earlier, for example, in the way that a parent interacts with their child. Effective and ongoing information sharing is key between professionals.

Harm from abuse is not always straightforward to identify and a child or young person may experience more than one type of harm or significant harm. Harm can be caused by:

- Physical abuse;
- Sexual abuse;
- Emotional abuse;
- Neglect; and
- Exploitation

6.2 Types of Abuse

Physical Abuse is deliberately physically hurting a child. It might take a variety of different forms, including hitting, biting, pinching, shaking, throwing, poisoning, burning or scalding, drowning or suffocating a child.

Emotional Abuse is the persistent emotional maltreatment of a child. It is also sometimes called psychological abuse and it can have severe and persistent adverse effects on a child's emotional development.

Emotional abuse may involve deliberately telling a child that they are worthless, or unloved and inadequate. It may include not giving a child opportunities to express their views, deliberately silencing them, or 'making fun' of what they say or how they communicate. Emotional abuse may involve bullying – including online bullying through social networks, online games or mobile phones – by a child's peers.

Neglect is the failure to provide for a child's basic needs, whether it be adequate food, clothing, hygiene, supervision, shelter, psychological, emotional or educational needs that is likely to result in the serious impairment of a child's health or development. Children who are neglected often also suffer from other types of abuse.

Sexual Abuse occurs when others use and exploit children sexually for their own gratification or gain or the gratification of others. Sexual abuse may involve physical contact, including assault by penetration (for example, rape, or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside clothing. It may include non-contact activities, such as involving children in the

production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including via e-technology). Sexual abuse is not solely perpetrated by adult males. Women can commit acts of sexual abuse, as can other children.

Exploitation is the intentional ill-treatment, manipulation or abuse of power and control over a child or young person; to take selfish or unfair advantage of a child or young person or situation, for personal gain. It may manifest itself in many forms such as child labour, slavery, servitude, engagement in criminal activity, begging, benefit or other financial fraud or child trafficking. It extends to the recruitment, transportation, transfer, harbouring or receipt of children for the purpose of exploitation. Exploitation can be sexual in nature.

6.3 Sexual Exploitation of Children and Young People

Child sexual exploitation is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection or status.

Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation doesn't always involve physical contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point.

Domestic Violence

It is now recognised that children who live in an atmosphere of domestic violence may be at risk. Domestic violence is any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This can encompass, but is not limited to, the following types of abuse:

- Psychological
- Physical
- Sexual
- Financial
- Emotional

If it comes to the attention of school staff that domestic abuse is or may be a factor for a child/young person this must be passed to the Designated/Deputy Designated Teacher who has an obligation to share the information to Social Services

6.4 Self-Harm

We will take seriously any concerns which are raised about a pupil in our school who has self-harmed and/or has expressed suicidal thoughts.

The Designated/Deputy Designated teacher will immediately follow the school's child protection procedures.

A child may suffer or be at risk of suffering from one or more types of abuse and abuse may take place on a single occasion or may occur repeatedly over time.

6.5 Harmful Sexual Behaviour

If a concern is raised or if a child is displaying behaviour that is potentially sexually harmful, guidance will be sought from the EA Designated Officer / CPSSS (Child Protection Support Service for Schools) / DE Circular 2016/05.

They may then complete a Family Support Action Plan (**Appendix 6**).

7. Procedures for making complaints in relation to child abuse

7.1 How a Parent can make a Complaint

At Roan St. Patrick's we aim to work closely with the parents/guardians in supporting all aspects of the child's development and well-being. Any concerns a parent may have will be taken seriously and dealt with in a professional manner. If a parent has a concern they can talk to the class teacher or the Principal/Designated teacher for child protection. If they are still concerned they may talk to the Chair of the Board of Governors. If they are still concerned they can contact the NI Public Services Ombudsman. At any time, a parent may talk to a social worker in the local Gateway team or to the PSNI Public Protection Unit. Details of who to contact are shown in the flowchart in **Appendix 2**.

7.2 Where the school has concerns or has been given information about possible abuse by someone other than a member of the school staff including volunteers

Where staff become aware of concerns or are approached by a child they should not investigate – this is a matter for Social Services – but should report these concerns immediately to the designated teacher and full notes should be made. These notes or records should be factual, objective and include what was seen, said, heard or reported. They should include details of the place and time and who was present and should be given to the designated teacher. The person who reports the incident must treat the matter in confidence.

The designated teacher will decide whether in the best interest of the child the matter needs to be referred to Social Services. If there are concerns that the child may be at risk, the school is obliged to make a referral. Unless there are concerns that a parent may be the possible abuser, the parent will be informed immediately.

The designated teacher may consult with the Southern Education & Library Board's Designated Officer for Child Protection or Social Services Gateway Team before a referral is made. During consultation with the Designated Officer the child's details will be shared. No decision to refer a case to Social Services will be made without the fullest consideration and on appropriate advice. The safety of the child is our prime priority.

Where there are concerns about possible abuse and a referral needs to be made the designated teacher will telephone Social Services Gateway Team. He/she will also notify the EA Designated Officer for Child Protection. A UNOCINI (Understanding the Needs of Children in Northern Ireland) referral form will also be completed and forwarded to the Gateway team with a copy sent to the EA Designated Officer for Child Protection.

If the Principal has concerns that a child may be at immediate risk from a volunteer, the services of the volunteer will be terminated immediately.

This procedure with names and contact numbers is shown in **Appendix 3**.

7.3 Where a complaint has been made about possible abuse by a member of the school's staff

If a complaint about possible child abuse is made against a member of staff, the Principal (or Designated teacher if he/she is not available) must be informed immediately. The above procedures will apply (unless the complaint is about the Principal/Designated Teacher)

If a complaint is made against the Principal the Designated Teacher will inform the Chairperson of the Board of Governors who will ensure that necessary action is taken.

Where the matter is referred to Social Services, the member of staff may be removed from duties involving direct contact with pupils (and may be suspended from duty as a precautionary measure pending investigation by the appropriate authorities). The Chairman of the Board of Governors will be informed immediately. Child protection procedures as outlined in Appendix 4 will be followed in keeping with current Department of Education guidance.

This procedure with names and contact numbers is shown in **Appendix 4**.

The following are guidelines for use by staff should a child disclose concerns of a child protection nature.

Do:	Do not:
<ul style="list-style-type: none"> ❖ Listen to what the child says ❖ Assure the child they are not at fault ❖ Explain to the child that you cannot keep it a secret ❖ Document exactly what the child says using his/her exact words ❖ Remember not to promise the child confidentiality ❖ Stay calm ❖ Listen ❖ Accept ❖ Reassure ❖ Explain what you are going to do ❖ Record accurately ❖ Seek support for yourself 	<ul style="list-style-type: none"> ❖ Ask leading questions. ❖ Put words into the child's mouth. ❖ Ignore the child's behaviour. ❖ Remove any clothing. ❖ Panic ❖ Promise to keep secrets ❖ Ask leading questions ❖ Make the child repeat the story unnecessarily ❖ Delay ❖ Start to investigate ❖ Do Nothing

8. Attendance at Child Protection Case Conferences and Core Group Meetings

The Designated Teacher/Deputy Designated Teacher or Principal may be invited to attend an initial and review Child Protection Case Conferences and/or core group meetings convened by the Health & Social Care Trust. They will provide a written report which will be compiled following consultation with relevant staff. Feedback will be given to staff under the 'need to know' principle on a case-by-case basis. Children whose names are on the Child Protection register will be monitored and supported in accordance with the child protection plan.

9. Confidentiality and Information Sharing

Information given to members of staff about possible child abuse cannot be held "in confidence". In the interests of the child, staff have a responsibility to share relevant information about the protection of children with other professionals particularly the investigative agencies. Where abuse is suspected schools have a legal duty to refer to the Statutory Agencies. In keeping with the principle of confidentiality, the sharing of information with school staff will be on a 'need to know' basis.

10. Record Keeping

All child protection records, information and confidential notes are kept in separate files in a locked drawer. These records are kept separate from any other file that is held on the child or young person and are only accessible by the Designated Teacher, Deputy Designated Teacher and Principal.

Should a child transfer to another school whilst there are current child protection concerns we will share these concerns with the Designated Teacher in the receiving school.

Guidance followed from DE Circular 2019/08.

11. Vetting Procedures

All staff paid or unpaid who are appointed to positions in the School are vetted in accordance with relevant legislation and Departmental guidance.

12. Code of Conduct For all Staff Paid Or Unpaid

All actions concerning children and young people must uphold the best interests of the young person as a primary consideration. Staff must always be mindful of the fact that they hold a position of trust, and that their behaviour towards the child and young people in their charge must be above reproach. The school's code of conduct is available on request.

13. Staff Training

Roan St. Patrick's is committed to in-service training for its entire staff. Each member of staff will receive general training on Policy and procedures with some members of staff receiving more specialist training in line with their roles and responsibilities. All staff will receive basic child protection awareness training and annual refresher training. The Principal/Designated Teacher/Deputy Designated Teacher, Chair of the Board of Governors and Designated Governor for Child Protection will also attend relevant child protection training courses provided by the Child Protection Support service for Schools.

When new staff or volunteers start at the school they are briefed on the school's Child Protection Policy and Code of Conduct and given copies of these policies.

14. The Preventative Curriculum

In the classroom, regular Circle Time sessions are used as a means of encouraging children to raise social and emotional concerns in a safe environment and to build self confidence, respect and sensitivity among classmates.

Throughout the school year child protection issues are addressed through class assemblies and there is **a permanent child protection notice board in the main corridor and relevant information in each resource area**, which provides advice and displays child helpline numbers. A flow diagram of how a parent may make a complaint is also on display. An enlarged flow diagram for a teacher allegation is in staff room.

Other initiatives which address child protection and safety issues:

- NSPCC regularly visits the school and provides information on a range of child protection issues through Assemblies, talks, role-plays, puppet shows and resources.
- Primary 1 to Primary 7 children participate in a community awareness programme run by the PSNI, the "CASE" programme / 'Who's at the door?'
- Primary 5 pupils take part in the Northern Ireland Fire and Rescue Service talks on Fire Safety.
- Each year Primary 7 pupils participate in the "Bee Safe" Activity Day which is run jointly by Health Promotion Agency and the Western Health and Social Services Trust and involves all the emergency services. They also visit the RADAR Centre in Belfast.
- Primary 1-7 use the "Living Learning Together" Programmes to deliver PDMU and safety topics.
- REIM Internet Safety workshops for parents and pupils.

15. Operation Encompass

We are an Operation Encompass school. Operation Encompass is an early intervention partnership between local Police and our school, aimed at supporting children who are victims of domestic violence and abuse. As a school, we recognise that children's exposure to domestic violence is a traumatic event for them.

Children experiencing domestic abuse are negatively impacted by this exposure. Domestic abuse has been identified as an Adverse Childhood Experience and can lead to emotional, physical and psychological harm. Operation Encompass aims to mitigate this harm by enabling the provision of immediate support. This rapid provision of support within the school environment means children are better safeguarded against the short, medium and long-term effects of domestic abuse.

As an Operation Encompass school, when the police have attended a domestic incident and one of our pupils is present, they will make contact with the school at the start of the next working day to share this information with a member of the school safeguarding team. This will allow the school safeguarding team to provide immediate emotional support to this child as well as giving the designated teacher greater insight into any wider safeguarding concerns.

This information will be treated in strict confidence, like any other category of child protection information. It will be processed as per DE Circular 2020/07 'Child Protection Record Keeping in Schools' and a note will be made in the child's child protection file. The information received on an Operation Encompass call from the Police will only be shared outside of the safeguarding team on a proportionate and need to know basis. All members of the safeguarding team will complete online Operation Encompass training, so they are able to take these calls. Any staff responsible for answering the phone at school will be made aware of Operation Encompass and the need to pass these calls on with urgency to a member of the Safeguarding team.

16. Monitoring and Evaluation

The school staff will update this Policy and procedures in the light of any further guidance and legislation as necessary and review it annually. The Board of Governors will also monitor child protection activity and the implementation of the child protection policy on a regular basis through the provision of reports from the Designated Teacher.

On-going evaluation will ensure the effectiveness of the Policy.

Addendum to Roan St Patrick's PS Child Protection Policy Covid-19 Arrangements for Safeguarding and Child Protection

1. CONTEXT

From 20 March 2020 parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of key workers and children who are vulnerable.

The current national health concerns relating to Covid-19 creates uncertainty in the lives of children and young people. Daily routines, family life, friendship groups and the safe space that schools provide have been disrupted. For many children, the need to spend most of their day at home will bring an additional challenge, and for some this will be an additional safeguarding risk factor. It is important that the adults responsible for safeguarding children are sensitive to their physical, social and emotional needs in these most unusual circumstances. It is critically important that children who are or may be at risk are identified so that that a proportionate, compassionate and sensitive response can be taken.

2. PROCEDURES

Staff will continue to follow the procedures outlined in our school's Child Protection Policy which is available on our school website.

In addition, the following arrangements have been put in place to support families and monitor pupil safety:

- The school email address, teachers' email addresses and main school phone number have been made available to all parents. Parents have been informed that the Principal / DT / DDT is available at all times via email and during a school closure or period of lockdown. Mr Mone can be contacted via phone as an emergency first port of call if required (07843958968).
- Teachers provide online learning via the school website / C2k platform with strict procedures in place to minimise risk.
- The website provides parents with a range of resources and links to additional online learning, support and guidance.
- We would remind everyone to stay safe when using online resources and to report any concerns to a member of the safeguarding team.
- In line with the information previously provided to schools by the EA CPSS, teachers may make phone calls to parents. These will be pastoral in nature and a record will be kept of any issues reported by parents. Any concerns around pupil well-being will be shared without delay with a member of the Safeguarding team.

- If a member of staff is using their personal telephone their number will be withheld to ensure the protection of private information of staff.

3. ONLINE SAFETY (Please refer also to E-Safety Policy – Remote Learning Protocols)

In order to ensure the safety of all involved the following guidance should be followed if staff and pupils are engaging in online teaching/communication using video conferencing or platforms recommended by and available via C2K.

- Teachers and pupils need to be fully dressed and should not wear pyjamas / sleep wear during the session.
- Students cannot participate from a bedroom.
- The teacher arranges the session and password and shares this only with pupils.
- Pupils must agree not to share the password with anyone else.
- Parental consent will be sought before their child attends online sessions.
- A disclosure or concern over any online forum will be followed up as it would be in school.
- Online sessions should be time limited for the benefit of both children and teachers.

If there is a breach to any of these procedures e.g. pupil gives the password to someone else who joins the group the teacher should immediately terminate the session and advise the Principal.

4. HOW A PARENT CAN RAISE AN ISSUE OR EXPRESS A CONCERN

We would welcome parents asking for advice and help if they have concerns about their child's well-being or safety. Asking for help is a protective factor and parental concerns and requests for help will always be taken seriously.

Any member of staff will listen carefully to parental concerns and ensure that the request for help, if necessary, is brought to the attention of a member of the safeguarding team. In this case a decision can be made as to how best to provide help.

5. IF SCHOOL IS OPEN DURING COVID-19 CLOSURES

If school is open for vulnerable pupils and key workers' children the school should adhere to the EA guidance (link to guidance for school clusters to be added).

If our school is part of a cluster of schools which are open we will share relevant safeguarding information with the Designated Teacher and/or Principal. In accordance with our Child Protection procedures this information will be shared on a need to know basis.

In any event, we will follow current Department of Education and Department of Health guidelines regarding social distancing, hygiene and personal protective equipment to ensure the safety of both pupils and staff.

6. HOW A CHILD CAN RAISE A CONCERN

We know that while many children will be enjoying their time at home and remain almost unaffected by this unusual situation, there will be others who feel scared, lonely and even those who miss school. Our safeguarding responsibility to all our children continues and we will seek to maintain contact with our children and young people as well as signpost them to other agencies.

We will use the following means to connect with our children and young people:

- Respond to any concerning comments our young people post on social media (if relevant).
- Video messaging via the school website / Seesaw.
- When contacting parents via phone we may ask to speak to their child or young person.
